## **BimmerWorld / C&R Racing Warranty**

Last Revised 6-7-2016

### **Warranty**

C&R RACING INC warrants its BMW radiators and engine oil coolers to be free from defects in materials and workmanship for a period of two (2) years from date of purchase.

This warranty is extended only to the first purchaser of any product at retail and who has retained ownership of the vehicle on which the product was originally installed. Credit or replacement will not be issued to a Warehouse Distributor until the unit is returned to the factory located at 6950 Guion Rd, Indianapolis IN 46268 and has been inspected by C&R factory personnel. The Warehouse Distributor should not issue credit to their customer on the assumption there is a defect. All allegedly defective merchandise must be returned with a C&R Racing warranty tag and duly completed. This warranty does not include any labor or materials not furnished by the manufacturer or any shipping or towing charges. It also does not cover any product repaired or altered in any way, misuse, and/or misapplication of the product and any engine mechanical defect that would cause the over pressurizing (ballooning effect) of the radiator or reservoir tank. A dated purchase receipt or invoice must be presented with all claims. If DATE CODING is removed from the product, warranty is void. If the product is found to be defective, C&R RACING INC will repair, replace or refund the Warehouse Distributor at C&R RACING INC sole discretion. All warranty replacement or repair privileges are void when a product is modified by anyone other than C&R RACING INC. All products found by C&R RACING INC to be non-defective will be returned to the Warehouse Distributor freight collect.

Any items purchased from C&R Racing INC and used in any racing applications, the warranty is voided.
